LinkedIn: https://www.linkedin.com/in/anand-babu-p-3157b444 Portfolio: anbu143dude.github.io/Portfolio/

PROFESSIONAL SUMMARY

Senior DevOps Engineer specializing in Microsoft Azure, Infrastructure as Code (IaC), CI/CD automation and secure cloud operations. Delivered 50 DevOps and infrastructure stories at VDart Digital. Earlier enterprise automation reduced provisioning from seven days of manual effort to 30 minutes and manual deployment time by 70%. Experience includes self-service platforms, Kubernetes delivery, production troubleshooting and client demonstrations of AI-enabled DevOps workflows.

TECHNICAL SKILLS

CLOUD AND CONTAINERS Azure, Azure Kubernetes Service (AKS), Azure Container Apps, App Service, Functions, Azure Container Registry (ACR), Virtual Machine Scale Sets (VMSS), Docker, Kubernetes.	**INFRASTRUCTURE AND DELIVERY** Terraform, Azure Bicep, Packer, Azure DevOps Pipelines, YAML, Git, GitHub Actions, continuous integration and continuous delivery (CI/CD), Liquibase.
AUTOMATION AND OPERATIONS PowerShell, Python, Bash, Linux, Windows, macOS, Azure Automation, Azure Update Manager, Log Analytics, Kusto Query Language (KQL), Azure Monitor.	**SECURITY AND AI ENABLEMENT** Key Vault, managed identities, role-based access control (RBAC), Azure Policy, Microsoft Sentinel, private endpoints, DNS, Model Context Protocol (MCP), OMNI Gateway, Azure AI Foundry agent support.

PROFESSIONAL EXPERIENCE

VDart Digital | Client: ALDAR

Senior DevOps Engineer | Oct 2025 - Nov 2026

- Delivered 50 user stories across application delivery, infrastructure automation, security controls and platform engineering.
- Automated application onboarding through a validated self-service UI; demonstrated AKS onboarding and Terraform deployments. Built and demonstrated Azure DevOps project-portfolio scanning and generation integrated with Vibe Portal.
- Built and demonstrated Azure DevOps Model Context Protocol (MCP) tools through OMNI Gateway and an Azure Container Apps chat interface, enabling conversational interaction with DevOps tools.
- Supported Azure AI Foundry agent integration and MCP profiles, including APIM and OMNI Gateway connectivity for AI-enabled DevOps demonstrations.
- Enhanced the application-onboarding UI with a chat interface and developed conversational AI-agent integration for AKS onboarding and Terraform deployment workflows; integration was 70% complete and in development.
- Developed reusable Terraform modules for AKS, Container Apps, App Service, Functions, VMSS, ACR and load balancers, with private connectivity and environment-specific configuration.
- Engineered Azure DevOps YAML pipelines and pull request validation across development, QA, UAT and production, incorporating security scans, coverage checks and controlled release approvals.
- Created PowerSync deployment templates and pipelines; supported production promotion, UAT load testing and PostgreSQL replication troubleshooting.
- Implemented Liquibase migrations for Damascus, Darna, Redemption Portal, Principal Code Base and Hello Aldar. Built Commercial Leasing preproduction/production environments and deployment slots for selected applications.
- Built Optimus Prime Windows/macOS pipelines for signing, notarization, Intune and over-the-air (OTA) delivery, including checksums, release tags and download summaries.
- Implemented Sentinel log forwarding, internal load-balancer integration, CSOC-to-Jira automation, customer-managed-key disk encryption and self-healing controls; maintained identity, secrets and network security.
- Built Azure DevOps utilities for variable groups, service connections, repository inventories, permissions and approver reporting. Maintained Packer golden images, VMSS agents and Docker/runtime upgrades.
- Investigated AKS DNS, agent queues, registry authentication, App Service startup, private endpoints and PowerSync replication; supported mobile/macOS signing and coordinated deployment validation.

PROFESSIONAL EXPERIENCE CONTINUED

KPIT

Senior Technical Leader, Azure Cloud | Jul 2024 - Jul 2025

Built and deployed Azure infrastructure and applications on Azure Kubernetes Service (AKS) for a vehicle infotainment system using Terraform and reusable infrastructure modules. Supported the migration of infrastructure deployments from Azure Bicep to Terraform and code repositories from Azure DevOps to GitHub.

Kyndryl | Bengaluru

Lead II, Infrastructure Specialist | Sep 2020 - Jul 2024

Customer Innovation team: enterprise Azure and hybrid-cloud automation, solutions architecture and development.

- Automated VM and AKS provisioning with PowerShell, Azure Bicep and Terraform. Integrated approved ServiceNow requests with Azure DevOps and GitHub Actions, reducing provisioning from seven days of manual effort to 30 minutes.
- Led deployment and patch-management tooling that reduced manual deployment time by 70%; automated 35+ VMs from spreadsheet configurations, including post-build activities.
- Built reusable automation foundations using Storage, Log Analytics, Logic Apps and Automation Accounts. Implemented hybrid patching with pre-checks, backups, sequential execution, owner approvals and post-checks.
- Developed KQL and PowerShell backup reports and approval-based cleanup of unused disks and obsolete restore points to support operational visibility and cost optimization.
- Engineered AKS provisioning and autoscaling, VMSS, networking and load balancers; supported ExpressRoute and Azure Stack HCI onboarding. Delivered monitoring, patching, compliance setup and operational handovers.

EARLIER EXPERIENCE

Ahana Systems and Solutions | Senior System Administrator | Jan 2019 - Sep 2020

Tecknodreams Pvt Ltd | Senior Technical Consultant | Feb 2018 - Jan 2019

HIKAL Ltd | Officer IT | Jul 2014 - Feb 2018

Techpool India Solution | Senior Desktop Support | Jan 2010 - Apr 2014

Wipro InfoTech franchisee assignment; clients included Swiss Re and Azim Premji Foundation.

Amatra InfoTech Pvt Ltd | Trainee Service Engineer | Jan 2009 - Jan 2010

SwifTech India | Service Engineer | May 2008 - Dec 2008

EDUCATION

Bachelor of Computer Application: Dr. C.V. Raman University | 2016 - 2018

Diploma in Electronics and Communication: Nadgir Day and Evening Polytechnic | 2004 - 2008

CERTIFICATIONS

AZ-400: Designing and Implementing Microsoft DevOps Solutions | Microsoft

HashiCorp Certified: Terraform Associate (003)

Microsoft Certified: Azure Security Engineer Associate

Microsoft Certified: Azure Solutions Architect Expert

Microsoft Certified: Azure Administrator Associate

AWARDS

Kyndryl Power of Wins | Sep 2022; Wipro On Spot Award | Jul 2011
